THE PUBLIC SERVICE COMMISSION OF
SOUTH CAROLINA
DOCKET NO. 92-619-E - ORDER NO. 93-421
MAY 12, 1993

IN RE: South Carolina Electric and)
Gas Company - HVAC Quality) ORDER
Dealer Program)

This matter comes before the Public Service Commission of South Carolina (the Commission) on the May 7, 1993 request of Mr. Eddie Mullen for a hearing regarding the South Carolina Electric & Gas Company (SCE&G) GOOD CENTS QUALITY DEALER PROGRAM. Mullen states that he and other HVAC contractors question several facets of this program, and request an opportunity to be heard.

Whereas the Commission would like to hear from the contractors and the other parties on this matter, the Commission would note that it held three public hearings in this docket, not including the actual rate case hearings. For this reason, the Commission declines to hold an additional hearing on this matter. However, in the interest of fairness, the Commission believes that, in the alternative, Mr. Mullen and any contractor who chooses to do so may provide written comments to this Commission concerning the GOOD CENTS QUALITY DEALER PROGRAM and related issues by 4:45 p.m. on May 17, 1993. The contractors shall serve all parties to this docket with copies of their comments. All parties may then provide

responses to the contractors' comments by 4:45 p.m. on May 24, 1993. We hereby order that these comments and replies be entered into the evidence of this case as a late-filed exhibit, so that the Commission may consider the documents in its deliberation of this case.

This Order shall remain in full force and effect until further Order of the Commission.
